JUST PLAIN TENDER.

Boston only got seven hits off Tender during the nine innings and they were well scattered, says baseball story, without pausing to insert "Governor," "President of the National League," or even plain "Mr."

As a matter of fact the reporter would have needed prophetic insight to utilize a prefix to the name, for he wrote of a game on July 19, 1888.

The box score shows that Governor Tender deserved his reputation for his opponent in the box was the great Radburn.

No doubt the Governor rejoiced as much over the victory as if he had captured another county for the Republican party, or saved a wavering player from the Federals.

SPRINGDALE.

(Mrs. C. C. Degman, Cor.)
The death of Mrs. W. H. Elliott from apoplexy at her home in Pana, Ill., was a shock to her many friends here where she is so pleasantly remembered as an unusually bright and talented school girl. She was a daughter of the late John Albert and Julia Bullock Bean. Mrs. Bean was expecting to visit her daughter this Spring. She has the sympathy of her many friends in this sad bereavement. The body was brought to Kentucky by the bereaved husband. The funeral conducted by Rev. Feltz occurred at Plumville Friday amid a large concourse of sorrowing relatives and friends.

Mr. Edward Rash is ill with pneumonia. Dr. Winder is attending him. Mrs. W. H. Leming is quite ill. Dr. Hill is attending her.

The many friends of Mrs. John Otto will be glad to know she is much improved from her recent illness. Dr. Lord attending physician.

Mr. C. C. Jenkins and bride arrived from Danville, Ill., Saturday and are the guests of Mrs. Mary A. Degman.

The Many friends of Mr. Thomas A. Davis anxiously scan the paper each day, hoping to hear of his recovery.

A real "Tempest in a Teapot" struck our town lately when it was discovered that our one telephone line was gradually going "out of commission." Central could not be reached at all and near neighbors seemed far, far away. It was raining—the day was dull and cheerless, indeed, when we could not "call each other up." A kind hearted man was coaxed to drive out and see if a limb had fallen on the line. The good man drove for several miles and viewed every foot of it—not a thing could he see that was wrong. The day wore on. Neighbors voices grew fainter and fainter. Dire consternation was prevailing. One neighbor suggested that Mr. Osborn, our "telephone king," had become offended. Maybe someone had

not paid their dues—or something—and he had decided to cut Springfield off from the line. Night was closing down, dark and dreary, and no telephone. Suppose we get sick and need a doctor. What shall we do? About a month ago John and Charles, two Pleasant Hill school boys conceived the idea of putting up a private telegraph line between their homes which they soon had in working order, using the telephone poles to expedite matters. When John came in from school on this particular, weary newsless day he was met by his grandmother with the news that the phone was "not working". Without a word John rushed to his laboratory and found his own line in fine order, much stronger than usual. He hurriedly called Charles, saying "Hello chum, this rain has got us in bad with the telephone people—come—we must remove our line." Which they did by the light of a lantern. "Now grandmother try your phone," says John about an hour later. Why, yes, Johnnie it is all right. Oh! you wicked boys! But wait Johnnie, say, are you sure there will be no permanent injury to our phones? "No," said Johnnie as he hastily disappeared toward the barn, "except to those who weakened their batteries by too much 'rubbering'." Those dread-ful boys.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure takes internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

"NATION 'DRY' IN TEN YEARS." Tank Beverly says a dead town is one in which a man can be shaved without hearing baseball mentioned.

"In less than ten years," declared Miss Lillian Phelps, lecturer of the National W. C. T. U. at a prohibition rally at Central Christian Church, Cincinnati. "the United States will be without saloons." Resolutions approving the Burton-Sheppard bill, providing for a nation-wide prohibition were adopted."

INDIFFERENCE OF MEN CHURCH'S GREATEST FOE.

Greenville, S. C.—The church all over the world has its greatest enemy in the indifference of men, the most successful foe of Christianity, Secretary of the Navy Daniels declared here in an address at the Interstate Y. M. C. A. convention of the two Carolinas. The secretary commended John R. Mott, who declined the post of Minister to China because he felt he could serve God and his fellowmen better as a leader of the Y. M. C. A.

THE WAY OUT

From Weakness to Power by Food Route.

Getting the right start for the day's work often means the difference between doing things in wholesome comfort, or dragging along half dead all day.

There's more in the use of proper food than many people ever dream of—more's the pity.

"Three years ago I began working in a general store," writes a man, "and between frequent deliveries and more frequent customers, I was kept on my feet from morning till night.

"Indigestion had troubled me for some time, and in fact my slight breakfast was taken more from habit than appetite. At first this insufficient diet was not noticed much, but at work it made me weak and hungry long before noon.

"Yet a breakfast of rolls, fried foods and coffee meant headache, nausea and hundred discomforts. Either way I was losing weight and strength, when one day a friend suggested that I try a 'Grape-Nuts breakfast.'

"So I began with some stewed fruit, Grape-Nuts and cream, a soft boiled egg, toast, and a cup of Postum. By noon I was hungry but with a healthy, normal appetite. The weak, languid feeling was not there.

"My head was clearer, nerves steadier than for months. Today my stomach is strong, my appetite normal, my bodily power splendid and head always clear."

ENOUGH ILLITERATE MALES OF VOTING AGE TO SWAY ELECTIONS.

Washington.—There are more than 2,200,000 illiterate males over voting age in the United States, enough to determine any National election. This declaration is made in a report to the House Education Committee on the Lever bill to investigate illiteracy. It is declared the National disgrace could be eliminated quickly by concerted National, State and local action.
